

So, What's the Deal with "Texas" BBQ?

There are four essential, regional styles of American Barbecue: Memphis, Carolina, Kansas City and Texas. Each region claims its BBQ is "the best," and all have delicious evidence to back their claims.

But, of the four major regions, Texas BBQ is the most evolutionary.

It blends traditions from European immigrants in Central Texas—where smoked

sausage is as common on BBQ menus as Beef Brisket—from former slaves in Southeast Texas, from the barbacoa smoking styles of Northern Mexico, and from "Cowboy Cooking" in the West.

These influences have created the most diverse BBQ in all the regions: something you're about to experience first hand at Hickory River Smokehouse. Enjoy, friend!
